

MARS

WEST COAST IPA 6.2%

Bright, punchy and beautifully dry. Mars puts hops centre stage, starting with Strata, named for the different layers of flavour it reveals depending on when it's added. We lean into its fruitier side with additions in the whirlpool and during fermentation, bringing passionfruit and strawberry, enhanced by a splash of Mosaic Spectrum. A Riwaka dry hop brings pink grapefruit and a touch of herbal freshness. Crisp and satisfyingly bitter.

INGREDIENTS

Yeast	Bry 97
